## DAN WESSON MAYHEM

**Caliber:** .40 S&W, 18-shot magazine capacity. **Barrel:** 6". **Weight:** 2.42 lbs. **Length:** 8.75" overall. **Features:** The MAYHEM is based on an "All Steel" Hi-capacity version of the 1911 frame. Taking weight away from where you don't want it and adding it to where you do want it was the first priority in designing this handgun. The 6" bull barrel and the tactical rail add to the static weight "good weight". We wanted a 6" long slide for the added sight radius and the enhanced pointability, but that would add to the "bad weight" so the 6" slide has been lightened to equal the weight of a 5". The result is a 6" long slide that balances and feels like a 5" but shoots like a 6". The combination of the all steel frame with industry leading parts delivers the most well balanced, softest shooting 6" limited gun on the market.

The Snake Scale serrations' aggressive 25 lpi checkering, and the custom competition G-10 grips ensure controllability even in the harshest of conditions. The combination of the all steel frame, bull barrel, and tactical rail enhance the balance and durability of the most formidable target grade Combat handgun on the market.
